

United Way
of Southwest Michigan

LASTING CHANGE

United Way seeks to create long-lasting changes by addressing the underlying cause of problems - not just treating the symptoms.

By understanding the issues and working together, we can achieve long-term results.

REACH OUT

When we reach out a hand to one, we influence the condition of all.

SUCCEED

We all win when a child succeeds in school, when families are financially stable and when people have good health.

RESULTS

The results and changes have benefits that will ripple out to the community as a whole.

Your support of United Way can help bring positive change to the community.

BE THE **CHANGE** THAT YOU WANT TO SEE IN THE WORLD. **GANDHI**
